

Message from Founders

In our daily commitment aimed to make our LoLi-Fe-TaTo vision a reality, we almost did not realize that two years have already passed since the inception of our beautiful schools for early childhood.

Working for children and with children is such a privilege, and it entails continuous efforts and dedication. We are proudly one of the few educational institutes in India which adopted the Reggio Emilia Approach, one of the most advanced pedagogical way in the world to grow up children.

As the ambitions for the future of LoLi-Fe-TaTo are big, this calls for us to create a robust operating platform capable of delivering a top-notch quality service. In the last months, we have restructured our internal organization so that we are more ready to accommodate the needs of all our dear stakeholders: families, friends, vendors, teachers, investors, and, of course children.

Back in Autumn, we started having talks with new investors with the aim of paving the way for what is considered the next big thing of LoLi-Fe-TaTo: CBSE school. The response we got exceeded our most optimistic expectations, and we are glad to announce to have the 1st-grade batch by June 2019. We plan an organic growth in the coming years and soon we will put the first brick of the new LoLi-Fe-TaTo campus.

The opening of the first franchise preschool in Tumkur was another key point of the LoLi-Fe-TaTo's growth. Our unique franchise model and the customized service we offer to our franchisee can potentially attract many more like-minded entrepreneurs in India. The education sector is on the rise and we are proud to contribute to the future of India.

Despite all the lights are on the new CBSE project, we keep investing massively in our three preschools located in Bangalore. Qualified pedagogues from Europe are coming on a rotation basis, and our children are exposed to an enriching cultural mix which is unmatched anywhere in India.

We have a clear vision and we keep going with our mission. Now, we are even more people to believe in the LoLi-Fe-TaTo dream. Together we will build a better tomorrow.
